

# Key Principles of Coaching

	Definition	When Used
<b>Joint Planning</b>	Agreement between parent/caregiver and provider for what occurs during visits and what to work on between visits *Define Roles	Beginning of visit- discuss that days plan End of visit- what will happen while provider is gone, plan for next visit
<b>Observation</b>	Opportunity to see the natural environment & consider family's actions/practices/routines to develop new skills, strategies, and ideas	During Visits- Observing natural routine of what typically happens *Also allows for parent/caregiver to observe while provider models
<b>Action</b>	Opportunity (spontaneous or planned) for parent/caregiver to practice, analyze, refine new skills	During visits Between visits
<b>Reflections</b>	Provider and parent/caregiver discuss existing strategies- how they are working, continuing to be evidence based, consider modifications	Following observation or action
<b>Feedback</b>	Provider provides information –affirm parent/caregiver's understanding; add information and skilled interventions	After feedback; during observation and action and joint planning
